TBR: 2015 WELCOME

Welcome to the 2015 Team Buller Riders (TBR) Program!

We can't wait for lift operations to commence for the 2015 winter and commence training and inspiring the outstanding talent we have within our program.

TBR is continually striving to remain on top of the game in delivering up and coming freestyle skiers in our club the best training via our team of experienced and skilled coaches and superior training facilities. TBR forms an essential part of the Australian Winter Sports Olympic Pathway, closely linked with Ski & Snowboard Australia (SSA) and the Olympic Winter Institute of Australia (OWIA). This provides our athletes with access to some of the best program design, coaching and training opportunities in the world.

We aim to create a learning environment that inspires our athletes to be passionate about their sport and feel motivated to improve every day.

We are very proud of the experienced coaching team at TBR. Many of our coaches have graduated through the TBR program, which creates a pathway to stay involved in the club. As a result of this, a strong sense of community permeates through to our staff, athletes, volunteers and friends across Mt Buller and the world.

New initiatives for 2015 include:

- **New Coaches: former TBR athletes Kate Esposito, Lisa McComb, Alex Eisner & Henry Eisner** will all be joining the coaching team. We are thrilled to have two new female athlete back coaching with the program! Both Kate and Lisa are previous TBR Mogul athlete who competed at the FIS level. Alex and Henry Eisner are well known to us all with their amazing on snow skills and shadow coaching experience in the previous two years.
- **SSA Snowracer Mogul competition.** TBR is working alongside SSA/BSL for a new mogul event designed for athletes at the TBR:Grom level and equivalent. We strongly believe that extra exposure to competition at a young age is great for long-term athlete development.
- **Expanded Junior Slopestyle Event.** Buller Ski Lifts (BSL) and the Mt Buller Resort Management Board (RMB) are both committed to delivering a leading junior slopestyle event for competitors from Mt Buller and other Australian resorts.

The TBR team is excited to welcome all our new and existing athletes on board for the 2015 winter and look forward to unleashing the progressing freestyle skiing talent within our club!

Kind Regards,

Andrew Pattison

TBR: Program Manager

TBR would like to acknowledge the great support from the sponsors and partners

TBR: WHO WE ARE

Team Buller Riders (TBR) is a freestyle skiing club based at Mt Buller, specialising in the Olympic disciplines of mogul skiing, slopestyle and aerial skiing. We have been in operation since 1986.

TBR is set apart from other programs by our genuine passion for the disciplines we operate in. This passion drives our relentless attempt to refine our program structure and coaching technique.

Our unique focus on the maximised all round development of our athletes combined with a strong club history of professionalism, cutting edge training programs and close relationships with the worlds best coaches and athletes is the cornerstone of our continued success at all levels of our sport.

Our focus continues to be based on developing the technical skill platform our athletes require to improve, become the best skier they can be and to achieve personal best results in competition.

We create a professional, inclusive, understanding, fun and supportive club environment to achieve this platform.

Our coaches are the best skiers on the mountain with many past competitors who excel at creating a learning environment that inspires our athletes to be passionate and motivated to improve every day.

Our success over the years is testament to the quality of the programs and support that we offer our athletes.

TBR's phenomenal achievements include Australia's four Olympic aerial skiing medals (Alisa Camplin & Lydia Lassila), Australia's first skiing X-Games Gold medal (Anna Segal), 5 World Champions, 10 Olympians & too many World Cup medals to mention.

TBR forms an essential part of the Australian Winter Sports Olympic Pathway, closely linked with Ski & Snowboard Australia (SSA) and the Olympic Winter Institute of Australia (OWIA). These relationships provide our athletes with access to some of the best program design, coaching and training facilities in the world.

In addition to our on snow programs at Mt Buller, TBR also operates:

- Water Jump, acrobatic and fitness training on a year round basis
- TBR:USA, mogul skiing camp in the northern winter season
- Leading events, including:
 - ABOM Mogul Challenge
 - Junior National Mogul Championships
 - Victorian Interschool Moguls
 - National Interschool Moguls
 - Junior Freeskiing Events

TBR: YEARLY OVERVIEW

TBR understands that success on the snow takes a holistic approach to training. To complement TBR's comprehensive on-snow offering, TBR provides training opportunities in water jumping, acrobatics and strength and conditioning.

Our year round calendar of activities looks like this:

JANUARY	TBR:MOGUL & GROM CAMP SKIERS JUNCTION	TBD - USA SUMMIT COUNTY, CO, USA
FEBRUARY	REST ACROBATICS/FITNESS	BOUNCE INC/TBR
MARCH	TBR:WATERJUMP ACROBATICS/FITNESS	SSA WATERJUMP PARK BOUNCE INC/TBR
APRIL	TBR:WATERJUMP ACROBATICS/FITNESS	SSA WATERJUMP PARK BOUNCE INC/TBR
MAY	ACROBATICS/FITNESS	BOUNCE INC/TBR
JUNE	ACROBATICS/FITNESS	BOUNCE INC/TBR
JULY	TBR:2015	ON-SNOW - MT BULLER
AUGUST	TBR:2015	ON-SNOW - MT BULLER
SEPTEMBER	TBR:2015	ON-SNOW - MT BULLER
OCTOBER	ACROBATICS/FITNESS	BOUNCE INC/TBR
NOVEMBER	TBR:WATERJUMP ACROBATICS/FITNESS	SSA WATERJUMP PARK BOUNCE INC/TBR
DECEMBER	TBR:MOGUL & GROM CAMP SKIERS JUNCTION	TBD - USA SUMMIT COUNTY, CO, USA

TBR: TRAINING PROGRAMS

TBR GROM

TBR:GROM HEAD COACH - JOSH LANEY

TBR is set apart by our genuine passion for the sport of freestyle skiing. This passion drives our relentless attempt to refine our program structure and coaching technique. We believe in the importance of a holistic all-mountain skiing skill set to ensure maximised all round athlete development – we aim for all TBR athletes to be able to ski any mountain in any condition.

Our unique focus on the maximised all round development of our athletes combined with a strong club history of professionalism, cutting edge training programs and close relationships with the worlds best coaches and athletes is the cornerstone of our continued success at all levels of our sport.

TBR:GROM is TBR's entry level ski training program for competent 9 – 13 year old skiers.

TBR:GROM aims to instill the technical skiing skill set younger skiers (aka Groms) require to maximise their future athletic potential.

TBR calls this technical skiing skill set the **TBR:PLATFORM**.

TBR:GROM is a fun, base technical skills focused program for young skiers who have successfully progressed through the ski school ranks and are ready to learn how to take on all that the hills have to offer. **TBR:GROM** will expose skiers to the technical cornerstones of all mountain skiing, mogul skiing and freeskiing.

TBR:GROM is designed to foster skiing & acrobatic skills that will enable skiers to move into the more specialised **TBR:MOGUL** and **TBR:FREESKIING** programs and beyond... The transition from **TBR:GROM** is entirely the choice of individual skiers and is encouraged to be based on an individual's future aims and skiing goals.

TBR has previously stated the importance of aerial and acrobatic development, both on and off snow. To complement on snow development, **TBR:GROM** will push skiers to the next level of aerial and acrobatic ability utilising the **TBR:ACROBATIC FACILITY** at Mt Buller.

TBR:GROM skiers are encouraged to test their skill and gain competitive experience by entering the following competitions:

- SSA Snowracer Mogul Event – Mt Buller
- Junior National Mogul Championships – Mt Buller
- Victorian Interschool's Mogul Championships – Mt Buller
- ABOM Mogul Challenge - Mt Buller
- National Interschool Mogul Championships – Mt Buller
- Mt Buller Junior Slopestyle Event

TBR:GROM COACHES are certified by the APSI and SSA with the individual knowledge and technical skiing skill set required to teach mogul skiing, all mountain and freeskiing techniques to the highest level. TBR is dedicated to ensuring that all **TBR:GROM** coaches continue to develop and improve their individual knowledge and technical skiing skills.

TBR:GROM EXECUTION: The fundamentals of mogul skiing, all mountain and freeskiing will be taught using specialised coaching techniques as described below:

- **Groomed Technique:** Technical drills and demonstration will be applied on easy to medium grade runs in order to assist in teaching the basics of stance, balance and edging. The major focus will be split between short-turn mogul specific drills and long-radius turn/edging drills.
- **Jumping:** Jumps of varying sizes will be set up in order to teach progression in aerial ability.
- **Skill Zones:** As an introduction into moguls, basic rollers will be used to develop absorption and extension techniques while maintaining a balanced body position. Basic fall line moguls will follow once basic short-turn technique is achieved and the fundamentals of absorption and extension have been developed.
- **Natural Terrain:** Natural terrain is a great way to develop skills for both moguls and freeskiing technique. It trains skiers to adapt to a changing environment and be versatile in their skiing.
- **Competition:** **TBR:GROM** athletes will be encouraged to compete in competition of various levels, including interschool's, junior nationals, basic freeskiing and **TBR: INHOUSE** events in order to introduce them to competition in a friendly and fun environment. Developing athletes who are comfortable with competitive conditions is a key to success at higher levels.
- **Acrobatic Skills:** Gymnastic equipment and trampolines will be used throughout the season to develop skiers' aerial awareness. Basic spins and flips can be developed if a high enough level of aerial awareness is achieved.

TBR:PLATFORM Athletes graduating from **TBR:GROM** will have developed the following specific technical skills known as the **TBR:PLATFORM**

- **Stance:** Strong basic stance with the ability to adjust from a freeski position into a basic mogul position with a more upright back and a larger amount of ankle flexion.
- **Balance:** Ability to balance over the outside ski in a variety of turn shapes.
- **Absorption & Extension:** Ability to maintain excellent body position through the range of absorption and extension over basic rollers.
- **Edging:** Basic ability to put the ski on edge, apply constant pressure throughout turns, complete turns and link turns together.
- **Short-turns:** Be able to make basic short-radius turns initiating the turn from the skis not with the hips or upper body.
- **Moguls:** Be able to maintain fall line moguls down a skills based course such as Chamois.
- **Mogul Jumping:** Be able to pop and execute a t-set while maintaining a central body position.
Freeskiing Jumping: Be able to pop and execute a solid landing whilst staying balanced in the air. Have an understanding of carving and carved take offs.
- **Acrobatic Skills:** Have developed fundamental aerial awareness and technique to be able to perform balanced 360's and be progressing towards safe flipping techniques on the tramp.

On graduation from **TBR:GROM** a broader understanding of skiing will have been achieved. Skiing & acrobatic skills will have been gained that will enable athletes to move into the more specialised **TBR:MOGUL & TBR:FREESKIING** programs to maximise their athletic potential, skiing aims and goals.

TBR MOGUL

TBR:MOGUL HEAD COACH - HAMISH COX

TBR is set apart by our genuine passion for the sport of freestyle skiing. This passion drives our relentless attempt to refine our program structure and coaching technique. We believe in the importance of a holistic all-mountain skiing skill set to ensure maximised all round athlete development – we aim for all TBR athletes to be able to ski any mountain in any condition.

Our unique focus on the maximised all round development our athletes combined with a strong club history of professionalism, cutting edge training programs and close relationships with the worlds best coaches and athletes is the cornerstone of our continued success at all levels of our sport.

TBR:MOGUL is a competition focused training program for skiers aged 14-20 who have either progressed through the **TBR:GROM** program or already possess the required **TBR:PLATFORM** technical skiing skill set.

TBR:MOGUL aims to foster a level of skill development and passion geared towards success in competition from Interschools through to athletes who wish to pursue the highest levels of the sport such as World Cup or the Olympic Winter Games.

TBR:MOGUL intends to achieve its aims by creating a fun, structured training environment, focusing on best preparing skiers via technical progressions involving groomed run technique, freeskiing, aerial site jumping, trampoline training utilising the **TBR:ACROBATIC FACILITY** at Mt Buller and training on TBR's exclusive mogul courses.

TBR:MOGUL coaches have competed at the highest levels of competition in Australia and overseas, and have the insight to best guide our athletes to success. Coaches are also all Ski and Snowboard Australia freestyle certified and maintain their skills through constant exposure to the most current techniques being taught by the Olympic Winter Institute mogul skiing program.

TBR:MOGUL is formally recognised in the SSA Olympic athlete pathway and will prepare mogul skiers for competition and potential selection to make the transition into the following mogul skiing development programs:

- New South Wales Institute of Sport (NSWIS) program
- Olympic Winter Institute (OWIA) program

TBR:MOGUL athletes are strongly encouraged to test their skill and go for glory by entering competitions on the Australian freestyle circuit calendar including:

- Junior National Mogul Championships – Mt Buller
- Victorian Interschool's Mogul Championships – Mt Buller
- Australian Mogul Championships – Perisher
- ABOM Mogul Challenge - Mt Buller
- National Interschool Mogul Championships – Mt Buller

TBR:MOGUL EXECUTION The development of competitive mogul skiing skills will be taught using specialised coaching techniques as described below:

- **Groomed Technique:** Technical drills and demonstrations will be applied on easy to medium grade runs in order to develop an advanced level of mogul specific fundamentals. The major focus will continue to be split between short-turn mogul specific drills and long-radius turning and edging drills.
- **Advanced Jumping:** Jumps of varying sizes will be used on an aerial site and within mogul courses in order to teach competitive mogul skiing specific aerial manoeuvres.
- **Skill Zones:** Rollers will continue to be used to develop advanced level absorption and extension techniques. A medium grade mogul course will be used to develop advanced level technique and to introduce technical changes and new jumps into athletes' repertoires. Where applicable, an advanced grade mogul course will be used to develop skiing skills on a world class level of terrain.
- **Competition:** **TBR:MOGUL** athletes will be encouraged to compete in all mogul competitions of various levels, including **TBR:INHOUSE** events, Interschool's, Junior Nationals, Australian National Championships and the ABOM Mogul Challenge in order to develop their competitive abilities in a friendly and progressive environment. Developing athletes progressively to be comfortable in an elite level competitive environment is the key to success at the elite level.
- **Acrobatic Skills:** Gymnastic equipment and trampolines will be used throughout the season to refine athlete's aerial awareness, promote general athleticism and in the development of new skills. Advanced mogul specific acrobatic skills will be developed and integrated in to the athletes' on snow skill set.
- **Strength & Conditioning:** Athlete's will be progressively introduced to Strength & Conditioning training with an additional focus for the high performance program. A rounded approach incorporating aerobic, strength, plyometric and flexibility training will be used and applied to athletes individually based on their age and level of athletic development.

The following specific technical skills will form the **TBR:MOGUL PLATFORM**.

- **Stance:** Strong understanding and execution of the mogul stance in all drills, groomed and mogul activities.
- **Balance:** Ability to consistently maintain balance over the outside ski in a variety of turn shapes on groomed terrain and in a mogul course.
- **Absorption & Extension:** Ability to maintain excellent body position through the range of absorption and extension over rollers at speed and within a medium grade mogul course.
- **Edge Rolls:** Be able to perform consistent mogul specific edge rolls maintain a strong mogul stance.
- **Edging:** Advanced ability to put the ski on edge, apply constant pressure throughout turns, complete turns and link turns together using both extension and retraction turn techniques.
- **Short-turns:** Be able to make advanced level short-radius turns, incorporating a strong level of edge control, whilst maintaining a strong mogul stance.
- **Moguls:** Be able to consistently ski top to bottom mogul runs, incorporating two high quality mogul airs, both in training and in competition on a medium to advanced grade mogul course.
- **Jumping:** Be able to perform a minimum of two consistent medium to high quality mogul airs in competition with further development of more difficult tricks simultaneously occurring on water.

- **Acrobatic Skills:** Have developed a high level of aerial awareness and body tension and be able to perform balanced 360's and back somersaults on the trampoline to a high level whilst maintaining strong body tension.
- **Strength & Conditioning:** Have an understanding of the strength & conditioning requirements and expectations of a national level mogul program and be progressing towards raising one's baseline strength and aerobic fitness.
- **Judging:** Have an understanding of the judging elements of a competitive mogul run and understand how to maximise a competitive performance within one's abilities.

On graduation from **TBR:MOGUL** a strong understanding of competitive mogul skiing will have been achieved. Mogul skiing, acrobatic, competition and strength & conditioning skills will have been gained that will enable athletes to maximise their athletic potential and mogul skiing aims and goals.

Ultimately, athletes graduating from the **TBR:MOGUL** high performance program will be targeted by the New South Wales Institute of Sport Australian Development Mogul Team to take their skills to the next level and compete on the international stage.

TBR FREESKIING

TBR:FREESKIING HEAD COACH - WATKIN MCLENNAN

TBR:FREESKIING COMPETITION COACH – JOHNNY LIPZKER

TBR is set apart by our genuine passion for the sport of freestyle skiing. This passion drives our relentless attempt to refine our program structure and coaching technique. We believe in the importance of a holistic all-mountain skiing skill set to ensure maximised all round athlete development – we aim for all TBR athletes to be able to ski any mountain in any condition.

Our unique focus on the maximised all round development of our athletes combined with a strong club history of professionalism, cutting edge training programs and close relationships with the worlds best coaches and athletes is the cornerstone of our continued success at all levels of our sport.

TBR:FREESKIING is a competition focused training program for skiers aged 14-20 who have either progressed through the TBR:GROM program or already possess the required **TBR:PLATFORM** technical skiing skill set.

TBR:FREESKIING's philosophy is about skiing the mountain; anything, anywhere, depending on what's best that day. Special attention is given to slopestyle skill development, a recent debutant at the 2014 Sochi winter Olympics.

Areas of training include: jumping, rails, skiing the whole mountain, fun carving, free bumps and of course making the most of any fresh powder snow that falls.

TBR:FREESKIING aims to foster a level of skill development and passion geared towards progression to maximise opportunity for growth and experience within the freeskiing industry including competition, sponsorship and media shoots.

TBR:FREESKIING intends to achieve its aims by creating an active learning environment, focusing on skiing the entire mountain, trampoline training utilising the TBR:ACROBATIC FACILITY at Mt Buller and building a bag of tricks in the MBP terrain parks.

To aid progression and skill development TBR will establish a dedicated big air facility on Chamois for the exclusive use of our skiers. This facility will complement the top notch park set-up to be designed and maintained by MBP.

TBR:FREESKIING coaches are some of Australia's best all round and most progressive skiers.

TBR:FREESKIING skiers are strongly encouraged to test their skill progression by entering the following list of competitions:

- Perisher Slopestyle Series
- Thredbo Freestyle Series
- SSA Futures Camp
- Mt Buller Junior Slopestyle Event

TBR:FREESKIING COACHES All **TBR:FREESKIING** coaches are certified by SSA with the individual knowledge, personal high level competitive experience and technical skiing skill set required to teach competitive and progressive freeskiing techniques to the highest level. TBR is dedicated to ensuring that all **TBR:FREESKIING** coaches continue to develop and improve their individual knowledge and technical skiing skills. All TBR coaches are at minimum encouraged to partake in group TBR skill acquisition sessions and to participate in international skiing & coaching opportunities during the Northern Hemisphere winter

TBR:FREESKIING EXECUTION The development of both competitive and pure progression based freeskiing skills will be taught using specialised coaching techniques as described below:

- **Groomed Technique:** Technical drills and demonstrations will be applied on easy to medium grade runs in order to develop an advanced level of skiing fundamentals. The major focus will continue to be around stance & balance, edge control, pressure control and rotary skills.
- **Advanced Groomed Technique:** Further FREESKIING skills be harnessed and developed on groomed training, including switch skiing, switch carving and butter (applying pressure to the nose or tail of the skis) techniques.
- **Advanced Jumping:** Jumps of varying sizes will be used on an aerial site and within mogul courses in order to teach advanced level freeskiing specific aerial manoeuvres. Switch carve take-offs and butter take offs will be introduced.
- **Mt Buller Park:** The Mt Buller park will continue to be used to teach athletes to develop specific skills to individual features and progress to building fluid slopestyle runs.
- **Halfpipe:** The Mt Buller Halfpipe will be used to transfer the technical skills developed on the groomed and in the park into the halfpipe, by first developing a fluid halfpipe technique then introducing new skills into the halfpipe.
- **Ungroomed Terrain:** All the ungroomed terrain that Mt Buller has to offer will be explored in order to develop confident, versatile and creative all mountain skiers.
- **Competition:** **TBR:FREESKIING** athletes will be encouraged to compete in all available freeskiing competitions of various levels, including **TBR:INHOUSE events**, Thredbo and Perisher Freeskiing Events in order to develop their competitive abilities in a friendly and progressive environment.
- **Acrobatic Skills:** Gymnastic equipment and trampolines will be used throughout the season to refine athlete's aerial awareness, promote general body tension and in the development of new skills. Advanced freeskiing specific acrobatic skills will be developed and integrated in to the athletes' on snow skill set.
- **Strength & Conditioning:** Athlete's will be progressively introduced to Strength & Conditioning training with an additional focus for the high performance program. Both aerobic and strength training will be used where applicable.

TBR:FREESKIING PLATFORM Athletes graduating from **TBR:FREESKIING** will have developed an advanced understanding of the **TBR:PLATFORM** with enhancements to freeskiing specific technical, aerial, competitive and strength and conditioning related abilities. The following specific technical skills will form the **TBR:FREESKIING PLATFORM**.

- **Stance:** Strong understanding and execution of stance in for both normal and switch skiing.
- **Balance:** Ability to consistently maintain balance over the outside ski in a variety of turn shapes on groomed terrain and all mountain terrain.
- **Edging:** Advanced ability to put the ski on edge, apply constant pressure throughout turns, complete turns and link turns together using both extension and retraction turn techniques.
- **Switch Skiing:** Ability to maintain a central stance whilst skiing switch. Be able to ski switch looking over either shoulder and be able to execute a strong switch carve in both directions.

- **Jumping:** Be able to perform a number of medium to high quality freeskiing airs with further development of more difficult tricks simultaneously occurring on water.
- **Switch Jumping:** Be able to take off and land switch and have developed a medium level of switch rotational aerial manoeuvres, both on big air and as a mount and/or dismount to rail and box features.
- **Run Development:** Have an understanding of how jump and feature lines flow and be able to link aerial manoeuvres and rail and box features in a clean, fluid slopestyle run.
- **Halfpipe:** Ability to ride the halfpipe fluidly, link jumps from wall to wall and generate power through the transitions of the walls. Understand how to integrate aerial manoeuvres into a halfpipe setting.
- **All Mountain:** Ability to confidently assess all mountain terrain for safety and ski-ability and be able to pick fluid, clean lines through ungroomed and off-piste terrain to maximise on snow creativity.
- **Acrobatic Skills:** Have developed a high level of aerial awareness and body tension and be able to perform a series of fundamental freeskiing aerial manoeuvres on the trampoline to a high level whilst maintaining strong body tension.
- **Strength & Conditioning:** Have an understanding of the benefits of strength & conditioning to freeskiing progression, the associated injury prevention benefits and be progressing towards raising one's baseline strength and aerobic fitness.
- **Judging:** Have an understanding of the judging elements involved in freeskiing and have an understanding of how to maximise a competitive performance within one's abilities.

On graduation from **TBR:FREESKIING** a strong understanding of all the elements of freeskiing will have been achieved. All round freeskiing, acrobatic, competition and strength & conditioning skills will have been gained that will enable athletes to maximise their athletic potential and freeskiing aims and goals.

TBR: 2015 CREW

TBR: PROGRAM DIRECTOR - Andrew Pattison

Nickname: Patto

With the program since: 1998

Qualifications: Bachelor of Business (Accounting) and Master of Business Administration

Sponsors: Bolle, K2, Full Tilt

Favourite run at Buller: Anywhere in the Bull Run Bowl + some secret lines in lower Chamois area!

Who inspires you in the snow world: Dale Begg-Smith for being a genius in skiing and business, and Britt Cox for her work ethic, dedication and professionalism at such a young age.

TBR: ASSISTANT PROGRAM DIRECTOR - Liam Wallis

Nickname: The Burg

With the program since: 1996

Qualifications: Bachelor Planning & Design (Architecture), Bachelor Property & Construction (Property), Diploma of Modern Languages (Japanese), Level 1 Australian Freestyle

Sponsors: hv.H

Favourite run at Buller: For good times catch the summit chair and start hiking...

Who inspires you in the ski world: Wally the wombat, no matter the weather, he was out there amongst it: I respect that!

TBR: GROM HEAD COACH – Josh Laney

Nickname: Seppo, Tex

With the program since: 2008

Qualifications: PSIA Level III (full cert), PSIA Freestyle Level III, PSIA Alpine & Freestyle Trainer Credential, SSA Freestyle Coach I, SSA Freestyle Judging Clinic,

Favourite run at Buller: Hogsback

Who inspires you in the ski world: Aspiring young athletes (Cheesy, but true)

TBR: MOGUL HEAD COACH – Hamish Cox

Nickname: Hambo

With the program since: 2011

Qualifications: Level 2 Australian Mogul Skiing Coaching Accreditation (developer of the course), past NSWIS scholarship mogul athlete, Bachelor of Exercise/Sports Science (sport coaching), Level 1 ASCA Strength and Conditioning Trainer

Favourite run at Buller: Chamois

Who inspires you in the ski world: Black Angus

TBR:FREESKIING HEAD COACH - Watkin McLennan

Nickname: Watto

With the program since: 2002 (coaching since 2006)

Qualifications: Level one freestyle coach, SSA Freestyle Judging Clinic

Results: 1st Rip Curl Pro 2010 & 2011

Sponsors: Sontimer, Line, Full Tilt, Helly Hansen

Favourite run at Buller: All zones other than Baldy

Who inspires you in the ski world: Geoff Lipshut

TBR:FREESKIING COMPETITION COACH - Jono Lipzker

Nickname: Lipstick

With the program since: 2011

Qualifications: 3 years as head park coach at Falls Creek's 'Air & Style' program, Certificate 3 & 4 in fitness (personal training), SSA Freestyle Judging Clinic, Currently studying Arts at Melbourne Uni

Results: 2x 1st place Australian Planet X games slopestyle, 2nd place Rip Curl Freeride Pro 2010
Sponsors: Armada, Joystick, Full Tilt, Smith optics, Skullcandy, nine22 apparel, Rhythm Snowsports
Favourite run at Buller: Anywhere with Watkin
Who inspires you in the ski world: Sean Petit – amazing all round skier.

Andrew Clark

Nickname: Aaaaannndyyyyy, Green Andy, Renewable Andy
With the program since: 2008
Qualifications: Level 1 Freestyle
Sponsors: Mt Buller Plumbing
Favourite run at Buller: Sun Valley
Who inspires you in the ski world: Nick FJ and Scotty Talbut

Joe Corcoran

Nickname: Joey, Big Papa, Captain
With the program since: I started as an athlete in 2002
Qualifications: Level 1 Freestyle coach, Advanced Diploma of Photography, Ph.D in Shreducation
Sponsors: SoO AirTime, Fyve, Line, Surfanic, Don meats, "Is Don, Is good."
Favourite run at Buller: The Time Machine
Who inspires you in the ski world: Garrett Reynolds

Alex Eisner

With the program since: 2010
Qualifications: APSI Level 1, SSA Judging Clinic, ASC Coaching Principles
Sponsors: Volkl skis and Marker bindings
Favourite run at Buller: The Chamois Bowl (on a good day)
Who inspires you in the snow world: Cole Drexler, Henrik Harlaut, Clayton Vila, Shea Flynn, Sean Jordan and John Ware

Henry Eisner

With the program since: 2010
Qualifications: APSI Level 1, SSA Judging Clinic, ASC Coaching Principles
Sponsors: Volkl skis and Marker bindings
Favourite run at Buller: Hogs back
Who inspires you in the snow world: Nicky Keefer, John Kutcher and Cole Drexler

Kate Esposito

With the program since: 2008
Qualifications: APSI Level 1, Former TBR FIS Mogul Competitor
Favourite run at Buller: Thulke's on a powder day!
Who inspires you in the ski world: Jacqui Cooper – one of my favourite memories is sitting on the side of Chamois cheering on Jacqui Cooper in the aerials when I was really little, plus all the girls involved in Chicks with Stix ☺

Nick Franklin-Jones

Nickname: Frank
With the program since: 2008
Qualifications: Full Cert APSI/SSA/CAA, SSA Freestyle Judging Clinic
Sponsors: K2, Full Tilt, Marker, Bern
Favourite run at Buller: Chute 2 on a good day
Who inspires you in the ski world: Seth Morrison. He's older than me and still charging!

Tim Gale

Nickname: Gale, TMG

With the program since: 2009

Qualifications: APSI Level 4, SSA Freestyle Coach, CSIA Park & Pipe, CSCF Level 1 Race Coach, SSA Freestyle Judging Clinic

Sponsors: www.aussieskier.com

Favourite run at Buller: Bull Run Area

Who inspires you in the ski world: Whoever wants to go out for shred and have a great time.

Alex Judd

Nickname: Juddy

With the program since: 2014

Qualifications: APSI Level 2, SSA L1 Freestyle Coach

Favourite run at Buller: Wood Run

Who inspires you in the ski world: Graeme Cox (Gra), last of the Falls Creek Hotdoggers.

Robert Lovick

Nickname: Lobert, Corporal

With the program since: I started as an athlete in 2000

Qualifications: Level 1 Freestyle Coach, represented Australia on World Cup

Sponsors: Lovick Electrics

Favourite run at Buller: Bull Run Bowl

Who inspires you in the ski world: Helen Clark

Tom Lovick

Nickname: Terrance

With the program since: I started as an athlete in 2000

Qualifications: Level 1 Freestyle Coach, represented Australia on World Cup

Sponsors: Lovick Electrics

Favourite run at Buller: Chamois

Who inspires you in the ski world: Helen Clark

Lisa McComb

With the program since: 2010

Qualifications: Achieved BASI Alpine (Level 2 & 1) qualification, Training toward BASI (Level 3) AND BASI Freestyle Coach (Level 2 & 1)

Favourite run at Buller: Anything around Bull Run chair ... Woodrun, Sun Valley or the old poma line!

Who inspires you in the snow world: Sarah Burke; a pretty rad chick committed to not only pushing boundaries in her own competitive skiing, but also for girls across the entire ski industry. Her determination and dedication to the sport is pretty inspirational.

James Phillips

Nickname: Phillips, Phil

With the program since: 2008-2009 (TBR:Mogul)

Qualifications: SSA Freestyle Judging Clinic, Buller SSS Hiring Clinic, fluent in French, "Mansfield"

Favourite run at Buller: Hogs back

Who inspires you in the ski world: "The Russians"

TBR:FACILITIES

TBR is serious about maximising the long-term athletic development of our athletes and recognises the need to ensure world class training facilities to ensure progression.

On Snow Facilities

In 1997 Buller Ski Lifts (BSL) constructed from earth works a world cup specification aerial site. This offers world class training for aerial skiing, and also serves as a great jump site for mogul and slopestyle skiing.

BSL also allocate the main part of the Chamois run for a full length mogul course, ideal for developing athletes.

The unpredictability of the weather at Australian resorts has often limited the usage and training opportunities of these two facilities.

In an exciting development for the club in 2013, this unpredictability is now reduced, with BSL and the Olympic Winter Institute of Australia teaming up to install three fully automated snowmaking machines on Chamois.

There are no guarantees when it comes to Mother Nature and good old M Buller's temperamental climate, but based on a normal winter we should have facilities open on Chamois for the first day of the TBR program!

TBR Acrobatic Facility

The spectacular jumps skiers are able to perform on snow does come with risk. We believe that as a club we must be proactive in reducing risk and ensure a safe learning environment is in place for our athletes.

To create a safe learning environment TBR runs a number of off-snow skill development initiatives aimed directly at improving fundamental skills, necessary to achieve success in the disciplines of moguls and freeskiing. The long-term success of mogul & freeskiing athletes has been strongly correlated with aerial and acrobatic training from an early age and throughout the teen years.

The development benefits of early & sustained acrobatic training are clear and proven. Consistently TBR athletes who are involved in these initiatives have significantly improved their competition results with some even being selected into National Teams and invited to attend prestige freeskiing events.

The TBR:ACROBATIC FACILITY, located in the sports hall at Buller Central includes:

- 3 full competition level trampolines complete with safety pads
- Double-mini and single-mini trampoline
- Multiple safety mats

TBR skiers will get opportunities throughout the season to use the TBR:ACROBATIC FACILITY with acrobatic sessions being scheduled into day-to-day training. The facility is also a great resource for poor weather days.

TBR:WATERJUMP

TBR:WATERJUMP is TBR's off snow aerial training program for competent & proven 9 – 20 year old members of **TBR:GROM, TBR:MOGUL & TBR:FREESKIING**.

TBR:WATERJUMP is the best way to refine your aerial skills and learn new aerial tricks in a safe and productive way in the off snow season. TBR values the importance of building a strong aerial skill

base on water and trampoline to maximise on snow performance and minimise the risk of injury. For these reasons, TBR strongly encourages all athletes to attend water jump training.

TBR:WATERJUMP is run in spring and autumn. All TBR athletes will be sent information regarding **TBR:WATERJUMP** sessions via email, prior to the sessions' commencement. The information will also be hosted on the TBR website.

TBR:STRENGTH & CONDITIONING

TBR recognises the importance of physical conditioning for athlete development and injury prevention of freestyle skiing athletes. With the size that freeskiing athletes are jumping and the speed that mogul skiers are barrelling down the courses, the physical demands of freestyle skiing on athletes' bodies are huge.

During the season, TBR will work with the older athletes to provide strength and conditioning opportunities designed to aid athletic progression through increased, strength, power, endurance, flexibility and overall athleticism. For younger athletes, activities designed to promote body tension and agility will be integrated into off-snow activities in order to build a base level of body versatility.

TBR will continue to work with dedicated athletes in the off season, in and around **TBR:WATERJUMP** and **TBR ACROBATICS** to help athletes continue to build their physical conditioning levels with both aerobic and anaerobic training focuses.

If you are interested in becoming more involved with Strength & Conditioning please contact **TBR:MOGUL HEAD COACH** – Hamish Cox, e| hamish@teambuller.com

TBR: FREQUENTLY ASKED QUESTIONS

Q1. How long has TBR been operating training programs?

TBR has been operating training programs at Mt Buller since 1986!

Q2. What programs does TBR offer?

TBR offers the following training programs:

- TBR GROM: a base level ski program
- TBR MOGUL: a high level mogul specific ski program
- TBR FREESKIING: a tailored freeskiing specific ski program

Q3. What is the age range of athletes in the program?

- TBR GROM: 9-13 years of age
- TBR MOGUL: 14-20 years of age
- TBR FREESKIING: 14-20 years of age

Q4. What ability level should I be to join the program?

Although no set criteria exist TBR is a high level training program focussed producing top ranking athletes and for this reason we recommend that each rider be at a level that they feel comfortable on the majority of advanced runs on the mountain. TBR requires all new recruits to have the desire to improve and want to make the most out of their on snow experience. Our coaches are experienced and we place great emphasis on making sure that the individual needs of our athletes are met.

Q5. Where do most of your athletes come from before joining TBR?

Athletes joining TBR come from all over the place:

- Mt Buller Ski & Snowboard School programs such as Snow Squad
- Mt Buller Race Club
- Interschool's

Q6. Are there many female athletes in the program?

Not only are females present in the program but they are consistently some of our highest performing athletes. The old saying "gee she's good for a girl" just isn't relevant these days at TBR...

Q7. What if I don't know anyone in the program prior to joining?

Take a chance and meet some new friends. Here at TBR we are committed to creating a fun and inclusive environment in which athletes of differing ages, ability and character can come together and improve their on snow abilities.

Q8. What are the TBR training times for the 2014 season?

TBR: WEEKEND (this includes the school holiday training period)

Morning Sessions: 9:00 – 11:45am

Afternoon Sessions: 1:00 – 3:00pm

TBR: FULL TIME/TBR Midweek

Morning Session: 9:00 – 12:00

We are keen to get out on the hill as soon as the clock ticks nine so we advise athletes to be 10mins or so early...

Q9. Where do TBR meet for training?

TBR have laid claim to the Village square 'fire' as a constant meeting place for training and other relevant events.

Q10. Is each training session compulsory?

No is the short answer. Athletes are involved in the program to improve and enjoy riding. The

decision to attend is at the discretion of each individual rider although TBR would love to see all athletes present at all sessions.

Q11. Who will my coach be?

Coaches are assigned specific groups closer to the commencement of the program. TBR has announced the involvement of a number of guest coaches in the program for 2014. All athletes should take the opportunity to ask these athletes for a tip or two when they see them out on the hill.

Q12. What happens if the weather/snow is bad?

Mt Buller being Mt Buller the chances of high wind days, rain, blizzard or lack of snow affecting the ability of the TBR training programs to operate as scheduled are high. TBR has devised a number of alternative off snow activities to keep athletes motivated and active when conditions prevent us getting out onto the hill.

Q13. Where do I collect my TBR uniform?

In 2014, TBR jackets will be distributed on the first day of the program (June 27). If you will not be there on the first day of the program, please contact Andrew Pattison to arrange a time to collect.

Q14. Do I have to compete in competitions?

TBR encourages athletes to take part in events. Not only are they a great test of skill but in cases they provide an opportunity for athletes to experience other resorts around Australia.

Q15. Does TBR take part in competitions at other resorts?

Yes TBR does send athletes and coaches to compete at resorts other than Mt Buller. Away events are an amazing experience and we have found that this really adds to the bonds and friendships created between our athletes and coaches.

In some occasions, TBR organises all logistics of the away event with athletes staying with TBR under the supervision of our coaches, but sometimes parents may need to organise their own accommodation for athletes.

Q16. When do I have to wear my TBR Jacket?

2015 TBR: Uniform Policy

TRAINING: During training and at all TBR events TBR jackets are to be worn unless specified otherwise. This creates a presence for TBR on the mountain and allows coaches to keep track of athletes during training.

MOGUL EVENTS: TBR recommends athletes wear uniforms during mogul events. Due to the at times, subjective nature of mogul judging it is our opinion that athletes stand to benefit from competing in uniform.

FREESKIING EVENTS: TBR realises the importance individual style plays in Freeskiing. For this reason athletes are encouraged to wear whatever they feel comfortable competing in.

Q17. Where is the TBR office located?

The TBR office at Mt Buller is located in the Judges Stand on the World Cup Aerial Site located on the Chamois Ski run. Members of the TBR community are welcome to drop for a chat or to raise any concerns. The Judges stand is used for club activities throughout the season including video analysis and meetings.

Out of season, administrative work is performed part time in Melbourne by TBR:Program Manager, Andrew Pattison and other minions.

Q18. How are athletes selected to the Performance Group in TBR Mogul and Freeskiing?

TBR caters for athletes who want to enjoy their skiing and be the best they can be along with athletes who strive to compete for Australia at the highest level.

TBR: performance groups are composed of dedicated and talented athletes with a desire to maximise their potential and progress along the SSA Athlete Pathway in pursuit of excellence at the highest level.

In considering selection for the Performance Group, the following factors are assessed:

- Commitment to the full TBR year round training schedule (On snow – training & competition, water jumping, gym, acrobatic training).
- Attendance, performance and attitude in training
- Results at domestic and international events
- Strength and conditioning levels
- Ability from a mental and physical perspective to handle an increased/higher intensity workload

Consideration will also be made based on the determination as the maximum number of athletes suitable for the group to function efficiently and deliver a coach -athlete ratio conducive to a high level of feedback.

Whilst in depth consultation occurs between all TBR coaches, the sole decision as to the composition of all TBR Performance Groups rests with the respective discipline Head Coach in consultation with the TBR Program Manager.

Criteria for selection and applications to the TBR:Performance Group will be sent out to TBR:Mogul and TBR:Freeskiing athletes in the first week of June.

Q19. What if I still want to know more?

You're a tough customer but we still love you!!! Feel free to visit www.teambullerriders.com or contact TBR: Program manager, Andrew Pattison. Patto takes thousands of calls throughout the year and looks forward to dealing with your questions and concerns

TBR: TEAMBULLERRIDERS.COM

TBR continues to develop teambullerriders.com as a gateway for our athletes, parents & friends to access key content including:

- News items
- Program information
- Calendars
- Competition entry forms
- Athlete profiles
- Coach profiles
- Photos
- Video edits
- Weekly newsletters
- Key industry links
- Links to the TBR Facebook site, Instagram & Youtube channel
- **NEW 2015 – E- Commerce platform for program, event applications/payments and also equipment sales.**

TBR: CODE OF CONDUCT

All athletes are expected to conduct themselves in a civil, friendly and honest manner.

Each rider is responsible for their own conduct during all TBR activities including but not limited to: training, competition and travel. We expect this conduct to be of the highest standard at all times.

TBR is a proud organisation with a reputation for maintaining a high standard of conduct both at Mt Buller and within the Australian snow sports industry. We look forward to each and every rider contributing to maintain this high level of conduct throughout the season and into the future.

TBR: TRAINING GUIDELINES

The following guidelines are put forward with the aim of creating a healthy, fun and constructive training environment within which our athletes can best achieve their on snow goals. TBR treats this aim with great seriousness and repeated behaviour contrary to these guidelines will not be tolerated.

- Helmets are essential. Heads and the stuff that's in them are important! For that reason helmets are a must for all athletes during training, competition and at all other appropriate times on snow.
- Alcohol, cigarettes & illegal drugs are obviously not permitted at training and the inappropriate use of such substances is strongly condemned by TBR.
- TBR recommends its athletes get a good night's rest in order to maximise their performance at training. For this reason TBR expects all athletes to be home and off the streets by 10pm
- If a time/date arrangement is made, keep it! Timing is important to TBR & we will not tolerate lateness.
- Limit the use of profane and abusive language if it is to be used at all. TBR is especially keen to limit such language in inappropriate situations e.g. a lift queue in TBR
- TBR Coaches & Staff are involved to help athletes become better athletes and maximise their athletic potential. They are experienced and their word is final.
- TBR is part of the Mt Buller community and whilst it may seem that we are some of the best athletes out on the hill we must ensure that we treat this position with respect. All mountain staff should be treated with civility and any incidents should be reported to the TBR staff immediately.

TBR: BREACH OF TRAINING GUIDELINES

As mentioned TBR treats the aims of these guidelines with great seriousness and repeated behaviour contrary to these guidelines will not be tolerated.

Appropriate disciplinary action will be taken in light of the circumstances of any potential breach to ensure that the aims of the guidelines are maintained and our reputation is not adversely affected.

TBR: UNIFORM POLICY

- **TRAINING:** During training TBR jackets are to be worn unless specified otherwise. This creates a presence for TBR on the mountain and allows coaches to keep track of athletes during training.
- **MOGUL EVENTS:** Although not compulsory, we recommend athletes wear uniforms during events. Due to the subjective nature of mogul judging, we believe athletes stand to benefit from competing in uniform.
- **FREESKIING EVENTS:** TBR realises the importance individual style plays in Freeskiing. For this reason athletes are encouraged to wear whatever they feel comfortable competing in.

TBR: MOGUL/ FREESKIING PERFORMANCE GROUP

TBR caters for athletes who want to enjoy their skiing and be the best they can be along with athletes who strive to compete for Australia at the highest level.

TBR: performance groups are composed of dedicated and talented athletes with a desire to maximise their potential and progress along the SSA Athlete Pathway in pursuit of excellence at the highest level.

In considering selection for the Performance Group, the following factors are assessed:

- Commitment to the full TBR year round training schedule (On snow – training & competition, water jumping, gym, acrobatic training).
- Attendance, performance and attitude in training
- Results at domestic and international events
- Strength and conditioning levels
- Ability from a mental and physical perspective to handle an increased/higher intensity workload

Consideration will also be made based on the determination as the maximum number of athletes suitable for the group to function efficiently and deliver a coach -athlete ratio conducive to a high level of feedback.

Whilst in depth consultation occurs between all TBR coaches, the sole decision as to the composition of all TBR Performance Groups rests with the respective discipline Head Coach in consultation with the TBR Program Manager.

Criteria for selection and applications to the TBR:Performance and TBR:Development Groups will be sent out to TBR:Mogul and TBR:Freeskiing athletes in the first week of June.

More information

For more information on progressing up the pathway, we recommend reading a number of publications produced by Ski & Snowboard Australia Pathway Coordinator Ramone Cooper.

SKI & SNOWBOARD AUSTRALIA MEMBERSHIP

Ski & Snowboard Australia (SSA) is the nationally and internationally recognised authority governing competitive snowsports in Australia.

SSA, largely through Federal Government grants via the Australian Sports Commission, fund development and elite level programs in all Olympic disciplines.

Ski & Snowboard Australia (SSA) Membership is required to compete in such events as: ABOM Mogul Challenge, jNats, National Mogul Champs, Junior Freeskiing events etc.. For more information and to purchase, please visit www.skiandsnowboard.org.au

Athletes wishing to compete in any FIS sanctioned events in Australia and overseas will be required to 'upgrade' their membership via the SSA website to include Freestyle registration.

To register with your chosen discipline, please visit the SSA website www.skiandsnowboard.org.au

If you have any questions, please contact SSA via

Phone: 03 9696 2344

Email: info@skiandsnowboard.org.au

AWAY COMPETITIONS

TBR encourages participation in competition both at Mt Buller and at other resorts.

Away events are an amazing experience and we have found that this really adds to the bonds and friendships created between our athletes and coaches.

In most occasions, TBR organises all logistics of the away event with athletes staying with TBR under the supervision of our coaches, but sometimes parents may need to organise accommodation for athletes.

If you have any questions regarding away events, please contact TBR program manager Andrew Pattison.:

EQUIPMENT

AUSSIESKIER.COM

Every so often something big comes along. It shakes up the status quo, challenges people to think differently and re-establishes a more progressive norm. TBR Coach Tim Gale, Richard Ross, and the crew from aussieskier have achieved just that within the Australian snow sports retail industry and we're proud to announce that aussieskier is TBR's preferred Melbourne based retailer for 2015.

TBR Discount

Aussieskier has kindly offered a 20% discount off RRP pricing off all equipment listed online at aussieskier.com and in-store for all athletes and their families. To receive the discount either talk to staff in-store (2 Grattan St, Prahran) or for online purchases call 9999-5946 so discount can be added.

The Boot Lab

The Boot Lab, located @Aussieskier is brought to you by expert boot fitter Andy Filer.

The Boot Lab has kindly also offered:

- 10% discount to all TBR members.
- Footbeds reduced to \$149 from \$199
- Guaranteed fit for life on all boot fitting and footbeds!

Aussieskier.com

Address: 2 Grattan St Prahran VIC 3181

Phone: +61 3 9999 5946

ALTITUDE @ MT BULLER

Altitude is the official Mt Buller equipment retailer for the TBR program.

Stay tuned for information in discounts available to TBR Members.

Drop into Altitude this winter for all your equipment and clothing needs.

Demo some of the best skis on the market and we also offer a range of ski boots and will have our team help you find the perfect fit.

The team in our tune shop are some of the best, so if you need your gear to be in top shape for your next race - you know where to come!

Altitude also stocks a handy range of accessories and gift lines. Need some help choosing? Ask our friendly team and they will gladly assist!

Details:

Open from 8am - 6pm daily during the ski season.

Village Square Underneath Cattleman's Cafe , Mt Buller

T: 03 5777 7886

K2 SPONSORSHIP

Both K2 and TBR are very proud of our strong relationship over the past few years and as always we are stocked to have the world's leading ski brand K2 behind us as the TBR Equipment sponsor.

K2 is one of the leading snow sport brands in the world, with many of the world's best athletes using their equipment.

MOGUL SKIS

As part of K2's sponsorship of the TBR program, K2 have made available to TBR members their Mogul skis at a special pro deal rate. The K2 Mogul skis are recommended by our Head Mogul coach for all TBR Mogul athletes.

Please note that K2 Mogul skis are only available to be purchased from TBR.

The '244' model will have sizes available in:

- 153 cm
- 163 cm
- 173cm

Please consult your coach for your ideal ski length.

Bindings

Marker 7.0 EPS, 2-7 Din (119cm -149 skis)

Marker 10.0 JR. Comp, 3-10 Din (139cm-163 skis)

Marker XCELL 12.0, 4-12 Din (163cm-173 skis)

The bindings can be ordered in from Aussieskier.com & Altitude stores, who we also recommend to mount the bindings to the ski.

To purchase

Once final prices are confirmed, an information sheet will be sent to all TBR members. This will be available by early June. For more information, please email TBR Program Manager Andrew Pattison: e | patto@teambuller.com to express your interest

TBR RECOMMENDED EQUIPMENT REQUIREMENTS

TBR GROM

Skis

- 1 pair of All-Mountain, Twin Tip skis. We suggest an All-Mountain Twin Tip ski for the Grom's as we put great emphasis on the fundamentals of skiing at this level. All-Mountain Twins perform both on the groomers and in the park. Junior bindings such as the Marker 7.0 EPS, 2- or Marker 10.0 JR are recommended.

Boots

- We highly emphasise the importance of a good fitting boot. Poor fitting boots can drastically decrease an athlete's performance.
- We recommend a progressive flexing boot. This will minimize shin bang and increase performance in the park, bumps and for all mountain skiing. 3 piece boots will suit best.

Poles

- Generally poles used are shorter than normal for Moguls/Freeskiing. Consider a smaller grip. This will give greater finger movement which helps when grabbing skis.

Helmets

- Helmets are compulsory for all athletes in the program. Check out K2 and Bern Helmets.

TBR MOGUL

Skis

- 1 pair of Mogul Ski's, K2 "244", with Marker 10.0 JR. Comp or Marker XCELL 12.0 bindings.
 - Please note that K2 Mogul skis are not available to purchase from TBR. To purchase K2 mogul skis, please contact TBR Program Manager Andrew Pattison via:
email: patto@teambuller.com **phone:** 0411 281 372
- OPTIONAL: 1 pair of Freeskiing/Twin tip ski's, to use for rails, switch riding and jumping. Consider Marker Griffon 13.0 or Jester 16.0 Bindings. These binding are Freeskiing Specific and are designed to increase performance in this area.

Boots

- We highly emphasise the importance of a good fitting boot. Poor fitting boots can drastically decrease an athlete's performance.
- We recommend a progressive flexing boot. This will minimize shin bang and increase performance in the park, bumps and for all mountain skiing. 3 piece boots will suit best.
 - Full Tilt boots are highly recommended

Poles

- Generally poles used are shorter than normal for Moguls/Freeskiing. Consider a smaller grip. This will give greater finger movement which helps when grabbing skis.

Helmets

- Helmets are compulsory for all athletes in the program.

TBR FREESKIING

Skis

- 1 pair of Freeskiing/Twin tip ski's, to use for rails, switch riding and jumping. Park and Pipe All-Mountain skis and Park specific symmetrical side cut skis are both suitable Consider Marker Griffon 13.0 or Jester 16.0 Bindings. These binding are Freeski specific and designed to increase performance in this area.

Boots

- We highly emphasise the importance of a good fitting boot. Poor fitting boots can drastically decrease an athlete's performance.
- We recommend a progressive flexing boot. This will minimize shin bang and increase performance in the park, bumps and for all mountain skiing. 3 piece boots will suit best.
 - Full Tilt boots are highly recommended

Poles

- Generally poles used are shorter than normal for Moguls/Freeskiing. Consider a smaller grip. This will give greater finger movement which helps when grabbing skis.

Helmets

- Helmets are compulsory for all athletes in the program.

OVERSEAS PROGRAMS

For those interested in getting in some extra training overseas, TBR can point you in the right direction!

TBR sanctions a number of programs that operate overseas during the Northern Hemisphere winter.

TBR only sanctions operators who deliver professional on snow training programs that follow the technical direction of the TBR programs and Mt Buller, and of course provides an off snow service that places an athlete's safety as paramount.

TBR is proud to announce it's sanctioning of the following programs:

TBR Mogul/Grom – TBR:USA

The official Mogul and Grom camp is operated by TBR. The 2015/2016 location is to be announced soon. Stay tuned!

A strong link exists between TBR and the USA camp, with TBR Program Director Andrew Pattison running the camp, and last year a number of TBR:Coaches including Hamish Cox, Tim Gale and Jackson Comben involved as coaches in 2014/2015.

For information on last years USA camp in Steamboat Springs visit www.tbrsteamboat.com

TBR Freeskiing – Skiers Junction

The official Freeskiing camp is operated by Skiers Junction and based in Colorado, USA.

A strong link exists between TBR and "Skiers Junction", with TBR Freeskiing Director Nick Franklin Jones managing the camp, with TBR Freeskiing Coaches Watkin McLennan, Johnny Lipzker coaching on the camp in 2014/2015. .

See the following page for more information on Skiers Junction.

www.skiersjunction.com

SKIERS JUNCTION COLORADO – OFFICIAL TBR FREESKIING CAMP

Skiers Junction is the official TBR Freeskiing Camp operator.

Skiers Junction is 100% committed to skiing and the development of all of our participants. Whether you are looking for that competition edge or just want to progress at your own pace with like-minded people, Skiers Junction's has the structure, staff, experience and support to make it happen.

Our Mission:

Skiers Junction understands that to create the best leaning environment, first you have to have fun. We encourage situational learning and create an environment that best suits each individual athlete. We supply the best coaches and tap into the athletes learning capabilities whilst taking full advantage of Colorado's super progressive parks and dry land facilities at Woodward at Copper!

Our Vision:

As skiers we want to see skiing prosper and continue to evolve. Watching Winter X and the progression of our sport is both inspiring and encouraging. We hope to direct and nurture athletes towards their true and full potential without losing focus on where our disciplines began. Progression starts with well-maintained terrain parks, enthusiastic skiers, and a free mind where creativity and boundaries are not hindered by event 'regulations' but rather, the extent of a skier's imagination!

Staff:

All of our on-snow staff is recruited from leading Australian winter sports programs such as; TBR and Perisher Winter Sports Club. All of the coaches are highly qualified and share a wealth of experience. These are the best guys and gals in the business! Each and every staff member is extremely approachable and our athletes soon learn that they will embark on making long-time friends within the industry. Our on snow staff has been hand-picked for their skills, helpful nature and persistence that is sure to help any of our athletes break down the most difficult trick, enabling them to reach their goals!! - A perfect continuation of your training at TBR.

Skiers Junction programs are made by Skiers for Skiers. We get it done!!

Please visit, www.skiersjunction.com for more info and request an info pack today!

Email | watkin@teambuller.com

Johnny Lipzker

TBR:FREESKIING COMPETITION COACH

Email | johnny@teambuller.com

Athlete/Parent Contact Details

To improve communication between TBR families, this year we will be providing a document listing athlete and parent contact details.

This will be available once program registrations are closed.
