TBR:WATERJUMP TRAINING

: WHAT IS IT

TBR:WATERJUMP training is the best way to refine your skills and learn new aerial tricks. TBR values the importance of building a strong aerial skill base on water and trampoline to maximise on snow performance and minimise the risk of injury. For these reasons, TBR strongly encourages all riders to attend water jump training.

: COACHES

TBR:WATERJUMP training will be coached by TBR:MOGUL, TBR:FREERIDE & TBR:GROM Coaches.

: FIRST TIMER FREE DAY

Implemented in SPRING 2011, again to encourage new athletes to give Water Jumping a try, any TBR athlete who has not jumped at the facility in the past can receive coaching for free on their first day.

: FACILITIES

- 2 x in-ground trampolines with bungee harnesses available
- Small, medium and large jumps available (work on anything from spreads to double flips)

Please Note: The facilities at the water jump Park are maintained by the 'Skate Family' who live on the property. It is expected that participants at the facility will clean up after themselves, including removing all rubbish and leaving the change rooms clean and tidy.

Cars are not to be driven on the grass for any reason, there is adequate parking provided off the grass. Please also ensure all equipment is taken home once you have completed your last session at the park for the period.
- thanking you in advance.
